August 1, 2011

MEMORANDUM

TO: Dr. R. Bowen Loftin
    President

SUBJECT: Recommendation from the Council of Built Environment: Vacant Space Proposal—Zachary Engineering Center

At its July 26, 2011 meeting, the Council of Built Environment discussed the recommendation from the Facilities Utilization Review Sub-Council (FURsc) regarding the 44,937 square feet of assignable space in the Zachary Engineering Center. Two academic colleges submitted requests for this space, but one withdrew their request for this space.

Therefore, the Facilities Utilization Review Sub-Council recommends that the CBE support the request by the College of Engineering to retain the space they are vacating (44,937 square feet) in the Zachary Engineering Center.

CBE unanimously voted to approve the Facilities Utilization Review Sub-Council's recommendation and recommends approval by the President.

Karan L. Watson
Provost and Executive Vice President for Academic Affairs
Co-Chair, Council of Built Environment

Rodney P. McClendon
Vice President for Administration
Co-Chair, Council of Built Environment

Recommendation Approved:

R. Bowen Loftin
President
